

**YOUR BUSINESS RUNS ON
ACCURATE ROUTING AND
MILEAGE DATA**

Use the industry standard in both

With new roads being added and restrictions and allowances changing regularly, operating on the most up-to-date commercial maps is crucial.

Updated Maps for Safe & Efficient Routes

Navigate road and toll cost changes, weight limits, turn restrictions & more at millions of commercial locations.

Stop Duration Times

Enter estimated stop times at stops along the route to better understand trip length and improve future load planning and ETAs.

Improved Routing Enhancements

Account for road speeds and route directly to sites. Additionally, favorite or delete routing profiles.

Plan With Precision: Make our Places Personal to Your Business

With ContentTools through PC*Miler, you can customize millions of Places data specific to your business needs like:

- Operating Hours for Each Day of the Week
- Custom Entry/Exit Paths to Gates
- Custom Gate and Driver Notes

Access Formulas and Data Within Microsoft® Excel® for Fast Calculations & Customizable Analysis

- Quickly generate mileage and drive times between cities, addresses, or zip codes
- Summarize and analyze your data, including price quotes, driver pay, lane analysis, and freight bill auditing
- Easily populate a mileage database without additional software programming effort

A	B	C
Origin	Destination	Practical Miles
10021	Cape May, NJ;600 Lafayette Street	161.6
K7L 1B5	Fairbanks, AK;600 11th Avenue	4099.3
90021	Bloomington, IN;200 Kirkwood Avenue	2065.6
33101	New York, NY;118 Broadway	1295.3

Process mileages between pairs of origins & destinations

A	B
Latitude/Longitude	Address
0402056N,0743946W	08542 Princeton, NJ, Mercer; 18 Nassau Street (NJ-27)
0411531N,0955614W	68102 Omaha, NE, Douglas; 200 South 16th Street
0401209N,0744214W	08610 Trenton, NJ, Mercer; 26 Kenwood Terrace

Geocode or reverse geocode using lat/long coordinates & addresses

A	B	C
Origin	Destination	Total TRReO Tolls (US Dollars)
Surrey, BC	Coquitlam, BC	\$8.56
Langley, BC	Vancouver, BC	\$8.56
Canford, BC	Richmond, BC	\$8.56

Calculate toll costs between origin & destination

MULTI-STOP ROUTING		Mileage:
Origin:	08540	
	Baltimore, MD	145.8
	Raleigh, NC	329.6
	Atlanta, GA	405.6
	Jacksonville, FL	345.7
	Dallas, TX	999.2
Destination:	San Francisco, CA	1730.1
	TOTAL MILES:	3955.0

Determine total miles & miles between stops for routes with multiple destinations

Which PC*Miler is right for you?

Network Desktop Install

Robust back office software for mileage, routing, accounting, & operations.

Ideal for larger fleets who require local or network installation

Basic Web-Based Version

Routing and reporting starting as low as \$84.99/month per user.

Ideal for small fleets, owner/operators, and brokers

Integration APIs

Integrate features and data within third party applications.

Ideal for solution providers for fleets with custom desktop or web-based solutions

Through a TMS or ERP

We partner with the leading system providers to get PC*Miler features and data to customers.
