These Master Terms and Conditions (“**Master Terms**”) apply to and are made a part of each Order Form entered into between the Trimble legal entity named on that Order Form (“**Trimble**,” “**our**,” “**we**,” and “**us**”) and the customer named on that Order Form (“**Customer**,” “**you**” and “**your**”) (each, a “**Party**,” and together, the “**Parties**”) which Order Form expressly incorporates by reference these Master Terms and one or more Supplemental Terms for products, subscriptions and/or services ordered through that Order Form (each, “**Supplemental Terms**”) (the Order Form with the incorporated terms, any related Statements of Work, and any other amendments, addendums, modifications, exhibits and schedules to the foregoing collectively, the “**Agreement**”). These Master Terms will have no independent force or effect except as incorporated by reference into an Order Form.

PLEASE READ THESE MASTER TERMS CAREFULLY, AS THEY FORM PART OF A LEGALLY BINDING AGREEMENT BETWEEN YOU AND US FOR THE SOFTWARE, HARDWARE, SERVICES, AND/OR PROFESSIONAL SERVICES SPECIFIED ON THE ORDER FORM. YOU HEREBY AGREE AND ACKNOWLEDGE THAT THESE MASTER TERMS FORM A PART OF, AND ARE INCORPORATED BY REFERENCE INTO, THE ORDER FORM, AND SHALL BE BINDING ON YOU AS IF YOU HAD PHYSICALLY SIGNED THESE MASTER TERMS. PLEASE PRINT A COPY OF THESE MASTER TERMS FOR YOUR RECORDS.

BY SIGNING THE ORDER FORM INTO WHICH THESE MASTER TERMS ARE INCORPORATED BY REFERENCE, THE PERSON SIGNING THAT ORDER FORM ON YOUR BEHALF REPRESENTS AND WARRANTS THAT HE/SHE/THEY HAVE READ THESE MASTER TERMS CAREFULLY AND HAVE THE REQUISITE CORPORATE AUTHORITY TO BIND YOU TO THESE MASTER TERMS.

For good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **In General.** Through an Order Form or SOW, we and/or our Affiliates may provide you and/or your Affiliates with our Offerings (as defined below). Each Agreement will be independent of other Agreements that incorporate these Master Terms. If an Affiliate of Trimble enters into an Order Form that incorporates these Master Terms, for the purposes of that Order Form and all terms incorporated or referenced therein all references in to “Trimble,” “us,” “our” or “we” will be construed as references to that Affiliate and not Trimble. If your Affiliate enters into an Order Form that incorporates these Master Terms, for the purposes of that Order Form and all terms incorporated or referenced therein all references to “Customer,” “you,” or “your” shall be construed as references to that Affiliate and not you. Except to the extent otherwise expressly stated, in the event of a conflict between corresponding clauses the following order of precedence will apply from highest to lowest: Supplemental Terms, these Master Terms, a Statement of Work, an Order Form, an addendum, an exhibit, amendment or appendix, and any other applicable additional terms, except that in the event a term or provision in a EULA for Installed Software used pursuant to a Subscription and another term or provision of this Agreement, the EULA controls solely with respect to that Installed Software. All quotes and requests made by you are non-binding unless and until accepted by us. Order Forms and SOWs are accepted as valid and binding only when signed by us in writing and when fully executed. While you may issue a purchase order for administrative purposes, no provisions of your purchase orders, invoices, associated purchase Documentation, or other business forms will apply to, modify, supersede or otherwise alter the terms of an Agreement or your payment obligations thereunder, and any such provisions will be of no force or effect.

- 2.1. **In General.** For each Subscription purchased by you through an Order Form, for the Subscription term specified in that Order Form we grant to you a limited, non-exclusive, non-assignable and non-transferable (except in connection with a permitted assignment of an Agreement), non-sublicensable right to access and use the service-based or licensed Offering governed by your Subscription for your own internal business operations. This Subscription is restricted to use by you and your Users and does not include the right to use our Software by any third party unless expressly permitted under the terms of an Order Form. Software is licensed to you or provided as a service, and is not sold to you. Our mobile apps available through app stores (e.g., Apple App Store, Google Play) are governed by separate EULAs for such software.

You and your personnel will generate unique login credentials for each User, will keep all login credentials confidential, and will not share login credentials between Users. You will immediately notify us if you believe any login credentials for any of your Users may have been disclosed or compromised, and you will hold us harmless from and against any unauthorized and/or harmful access to your account(s) and/or data, or breach of the Agreement, using login credentials issued to or by you except to the extent resulting from an unauthorized disclosure of such credentials by

us. Transportation Data will be maintained in our systems during the term of the Agreement, except to the extent deleted by you, on your behalf, or at your request subject to retention requirements and completion of all intended use of the data (e.g., for rate matching purposes). You acknowledge that Transportation Data may be deleted from our systems following termination of the Agreement and any terms governing such process will be set forth in applicable Supplemental Terms. You will be solely responsible for archiving copies of Transportation Data if deemed necessary by you. We may access your and each of your Users' accounts, including Transportation Data, to respond to service or technical problems or at your request, or as otherwise permitted by these Master Terms.

2.2. Restrictions. You agree and covenant that you will not (i) transfer, publish, disclose, display or otherwise make available any of Our Materials and Technology to any third party, except as necessary for you to use our Offerings for your business purposes in accordance with the terms of the Agreement; (ii) copy, modify, tamper with, alter, create derivative works of, sublicense, sell, lease, loan, rent, convey, pledge as security or otherwise encumber, or act as a service bureau with respect to any of Our Materials and Technology; (iii) reverse engineer, decompile, translate, adapt or disassemble any of Our Materials and Technology in an attempt to reconstruct or discover the design, source code or algorithms thereof for any other purpose, except and only to the extent expressly permitted by law; (iv) 339) remove, delete or alter any trademarks or any copyright, trademark, patent or other Intellectual Property Rights notices from any of Our Materials and Technology; (v) use any of Our Materials and Technology in violation of applicable laws, rules, regulations, codes or ordinances; (vi) engage in any illegal, unfair, deceptive or unethical practices (including but not limited to disparagement of our Offerings or other practices which may be detrimental to us), or (viii) cause or authorize any third party to do any of the foregoing.

2.3. Restriction and Suspension Right. Notwithstanding anything to the contrary in an Agreement, we may suspend our performance under the Agreement, including without limitation suspending your access to our Offerings, (a) on five (5) business days prior notice to you if you fail to pay any amount not contested by you in good faith by the due date or fail to use diligent good faith efforts to resolve a good faith payment dispute (unless cured during such notice period), or (b) immediately if your or your Users' acts or omissions threaten the integrity or security of our Offerings (provided we will use commercially reasonable efforts to provide you with advance notice of such suspension where we determine exigent circumstances do not exist). You will continue to be charged for Service and Subscription fees during such suspension. During such suspension, you will be prohibited from entering new data or processing existing data. If you attempt to access or manipulate Transportation Data utilizing third party software during a suspension, we disclaim and you hold us harmless from any responsibility or liability relating to lost or altered data or related damages. Further, we may monitor usage and restrict, limit, or suspend a User's access where we reasonably determine that User is using our Offering in a manner that (i) exceeds reasonable request volumes, (ii) constitutes inefficient, excessive or abusive usage, or (iii) disrupts, degrades, or adversely affects the availability or performance of the services for other Users (we will use commercially reasonable efforts to provide written or email notice of any such action as promptly as possible). We will lift such suspension, restriction, or limitation once such issue or failure is cured to our reasonable satisfaction.

3. Professional Services. We will use commercially reasonable efforts to perform for you, or on your behalf, PS set forth in the Agreement or in one or more SOWs. Each SOW will automatically be incorporated by reference into and made a part of the Agreement. All SOWs will be in writing and shall be effective only when signed by both Parties. For each SOW, each Party will designate a person to be its designated representative concerning that SOW and will serve as the primary day-to-day point of contact between the Parties (the "**Project Manager**"). A Party may designate an alternative Project Manager upon notice to the other Party. The fees applicable to PS performed will be set forth in each SOW. Fees will be on a time and materials basis at the hourly rate set forth in the SOW, billed to the actual number of hours of PS performed by our personnel regardless of any estimate(s) set forth in the SOW, unless an alternative fee arrangement is expressly set forth in the SOW.

3.1. Change Orders. Professional Services provided will consist of the in-scope PS set forth in a SOW. Additional or supplemental work beyond, or changes to, the in-scope PS in a SOW will be handled via mutually agreed-upon change order ("**Change Order**") which sets forth the change in scope, incremental fees for that additional or supplemental work, and any other impacts to the SOW such as timeframes. Either Party may request a Change Order; if the Parties mutually agree to move forward with the work contemplated in such Change Order, we will prepare such Change Order and provide it to you for review. Upon the parties' mutual written execution of a Change Order, the PS shall be modified or supplemented as set forth in such Change Order. All SOWs and Change Orders will be in writing and shall be effective only when signed by both Parties, and in no event shall any PS work subject to a SOW be deemed altered, amended, enhanced, or otherwise modified except through a fully executed Change Order.

3.2. Scoping Activities and Information. You agree and acknowledge that our ability to successfully complete PS is dependent on accurate and complete scoping of the integration and implementation effort required ("**Scoping Activities**"), and on your identification of non-standard systems, newly-released or older versions of software used by you that may require custom integration efforts, or similar non-standard requirements ("**Scoping Information**"). You will promptly provide us all relevant Scoping Information. You agree and acknowledge that changes in the scope of implementation and set-up efforts, or additional PS, may from time to time be required despite the Parties' cooperation on Scoping Activities and your provision of Scoping Information, and the Parties agree to work together in good faith to mutually agree upon a supplemental SOW or change order with the additional PS required to account for such change in scope, together with associated fees and other related terms.

3.3. Required Assistance; External Factors. You (and to the extent you utilize third parties to assist with implementation and set-up of the PS ("**Third Party Consultants**"), your Third Party Consultants) will (a) provide us with reasonably

requested and timely information, access, resources and approvals to assist us with its provision of PS, and (b) will use diligent efforts to work with us to ensure timely completion of PS (collectively, “**Required Assistance**”). You acknowledge that the Required Assistance requires collaboration between us and you and/or Third Party Consultants, and will require your active and sustained participation in order to be completed in a timely, effective and complete manner. You will assign a point of contact within your organization within five (5) days of contract execution to work with us as our primary point of contact for PS. You agree and acknowledge that the failure to provide Required Assistance by you or any of your Third Party Consultants, or non-standard requirements requested by you, may result in delays in the completion of PS (which delays will not be our responsibility), and may require additional PS to correct issues or usability. You also agree and acknowledge that you will hold us harmless from any delays, incremental costs, or other liability resulting from the acts or omissions of Third Party Consultants.

You agree and acknowledge that our ability to meet the anticipated timelines set forth in a SOW or Change Order is dependent in part on the timely provision by you of Required Assistance (“**External Factors**”). In the event either Party determines that External Factors are likely to cause a delay in our ability to meet anticipated timelines or result in additional costs to complete performance, that Party’s Project Manager shall notify the other Party’s Project Manager, and the Parties shall work together in good faith to enter into a Change Order to account for the impact caused by the External Factors.

3.4. Acceptance. If a SOW states that PS provided thereunder are subject to acceptance testing, then the terms of this paragraph shall apply with respect to the PS provided under that SOW. If specified in a SOW, PS are subject to your acceptance to verify that the results of the PS performed by us under the SOW (“**Work Product**”) substantially conforms to the written specifications set forth in the SOW (the “**Acceptance Criteria**”). Upon completion of the PS set forth in a SOW (or portion thereof subject to separate acceptance testing if set forth in the SOW), we will notify you of completion, and you will promptly review and inspect the Work Product based on the Acceptance Criteria and notify us within fourteen (14) calendar days of its receipt of our completion notice or a different period if set forth in the SOW (the “**Review Period**”) whether the Work Product is accepted or rejected. If you reject the Work Product, you will provide written notice of rejection to us specifying the reasons for the rejection and the specific failures under the Acceptance Criteria. Following our receipt of a rejection notice, we will use commercially reasonable efforts to correct the Work Product and resubmit it for additional testing, in which case you will re-inspect the revised Work Product using the procedures set forth above. If you do not respond to us by the end of the Review Period, the Work Product will be deemed accepted by you as if you had provided a written notice of acceptance.

4. Fees and Charges. Fees and charges will be set forth in each Order Form or SOW. Subscription fees and other recurring fees are invoiced in advance at the start of the billing cycle (provided that we may require a quarterly billing cycle if your Subscription fees and other recurring fees are less than \$60,000 per year, or an annual billing cycle if less than \$30,000 per year). PS fees, usage-based charges (e.g., on-demand services), and other applicable service fees that are prorated by us for usage less than the full billing cycle are billed in arrears at the end of the billing cycle. Invoices are sent electronically; will be due thirty (30) calendar days from date of invoice; and will be paid in the currency specified in the Order Form or invoice (or USD if no currency is specified), by check or wire transfer. No credit, carryover or refund will be given for data paid for but not used in a billing cycle, or for other intangibles (e.g., PS hours) allocated or available for use during, but not utilized by you by the end of, a usage or Subscription period. Delinquent payments not contested by you in good faith will bear interest at the lesser of 1.5% per month or the maximum rate permitted by applicable law. We have the right to periodically review your credit and, if determined reasonably necessary by us, to change your payment terms, and/or demand advance payment, satisfactory security (such as, but not limited to, a confirmed, irrevocable letter of credit acceptable to us), or a guarantee of prompt payment prior to shipment or service activation. If you do not object in writing to an invoiced amount within thirty (30) calendar days of the date of invoice, you will be deemed to have acknowledged the correctness of that invoice and to have waived your right to dispute that invoice. A dispute as to a portion of any invoice or amount owed will give you the right only to withhold or delay payment of only the disputed portion of that invoice or amount owed. You agree to be liable to us for all costs of collection of past due amounts (including attorneys’ fees). Each Party will use diligent good faith efforts to resolve any payment dispute within thirty (30) calendar days of the raising the dispute.

4.1. Increases; Taxes and Charges. The fee for each active Subscription will be fixed for a period of twelve (12) months from the commencement of billing for that Subscription, and may thereafter be increased no more than once every twelve (12) months during the Subscription term. Without limiting the foregoing, with respect to Subscriptions with discounted or promotional pricing and an initial term longer than one (1) year, if you do not renew your Subscription for a renewal term equal to or longer in length than the initial term, then as of the start of the renewal term the discount on the Subscription fee or promotional Subscription Fee will no longer apply to that Subscription, and standard Subscription fee pricing will apply. We may periodically adjust the price or fee of our Offerings available to you for subsequent purchase, license, or subscription. Our stated prices and fees for our Offerings do not include applicable sales taxes, value added taxes, goods and services taxes, export or import charges, transportation or insurance charges, customs and duty fees, personal property taxes, surcharges and fees, or similar charges, all of which are your responsibility to pay. Unless you provide us with direct payment authority or a valid exemption certificate for the appropriate jurisdiction, you will pay us all such taxes, charges and fees invoiced by us in connection with the sale, delivery or provision of our Offerings.

5. Term and Termination. The term of each Subscription is set forth in the applicable Supplemental Terms. Each SOW will commence on the effective date set forth therein and continue until completion of the PS set forth in that SOW, unless otherwise specified therein. Sections 2.2 and 5-10, your payment obligations, and any term or provision that applies to events occurring following termination or expiration will survive termination or expiration of the Agreement.

A Party may terminate the Agreement upon written notice to the other Party in the event the other Party materially breaches any of its representations or warranties made hereunder or materially fails to perform its obligations under the Agreement, provided that written notice of such breach or failure has been provided by the non-breaching Party specifying such breach or failure, and if such breach or failure is capable of cure, the breaching Party fails to cure such breach or failure or provide a written plan of cure reasonably acceptable to the non-breaching Party within thirty (30) calendar days of the breaching Party's receipt of such notice. Further, we may terminate all Order Form(s) and SOWs then in effect immediately and without notice to or opportunity to cure by you in the event (i) you intentionally use an Offering in a fraudulent manner or in violation of any applicable laws, rules or regulations; (ii) there is a change of law, statute, or regulation, or a cessation of services by a service provider, that prevents us from providing our Offerings to you; or (iii) you are listed on, or are fifty percent (50%) or more owned or controlled, directly or indirectly and either individually or in the aggregate, by an entity or person that is listed on, one or more export screening lists maintained by the U.S. Department of Commerce, the U.S. Department of State, or the U.S. Department of Treasury, including but not limited to the Entity List, the Denied Persons List, the Unverified List, and the Specially Designated Nationals and Blocked Persons List, or other similar lists maintained by any applicable governmental authority.

Upon termination or expiration of an Order Form or SOW, (i) each Party will cease performance of its obligations under that Order Form or SOW; (ii) all fees and expenses due to us for our Offerings provided and expenses incurred on or prior to the effective date of termination or expiration will be come immediately due and payable by you; and (iii) each Party will promptly destroy any of the other Party's Confidential Information or other materials in its possession or control provided in connection with that Order Form or SOW and will provide a written certification of destruction executed by an officer upon request, provided, however, that neither Party will be required to destroy or return digitally archived data stored as part of its standard network back-up practices provided that the data is secured, not readily accessible, and destroyed in accordance with its regular backup retention cycle, provided that while in its possession such Party continues to treat the data in accordance with its confidentiality obligations set forth in the Agreement.

6. **Confidentiality.** Each Party ("**Recipient**") agrees (a) to hold Confidential Information disclosed to it by the other Party ("**Discloser**") strictly confidential and to not share, disclose, or provide Discloser's Confidential Information to any third party except as expressly set forth herein; (b) to maintain the confidentiality and security of Discloser's Confidential Information using the same care as it uses with its own confidential information of like importance, but no less than reasonable care; and (c) to restrict access to Discloser's Confidential Information to those of its and its Affiliates' employees, contractors, consultants, agents, and legal and financial advisors ("**Representatives**") who have a need to know the information in connection with the exercise of Recipient's rights and performance of Recipient's obligations under the Agreement who (i) have been notified of the confidential nature of the disclosure and (ii) are under an enforceable obligation to hold the Confidential Information in confidence under terms and conditions at least as restrictive as the terms and conditions of the Agreement. Recipient will be responsible for any breach of the Agreement by the Representatives of Recipient or its Affiliates. For the avoidance of doubt, the terms of the Agreement and Our Materials and Technology, are our Confidential Information. Confidential Information will not include information that Recipient can reasonably demonstrate through written evidence (A) is or becomes generally publicly available other than due to the acts or omissions of the Recipient, its Affiliates, or their Representatives; (B) is rightfully in Recipient's possession on a non-confidential basis prior to receipt from Discloser; (C) is lawfully received, without obligation of confidentiality, by Recipient from a third party; or (D) is independently developed by or for Recipient without use of or reference to Discloser's Confidential Information. We will be entitled to disclose Transportation Data if required pursuant to judicial, governmental or administrative process, requirement, order or disclosure demand. The Parties' confidentiality obligations hereunder will survive the termination or expiration of the Agreement for a period of two (2) years, except that each Party will maintain the confidentiality of any Confidential Information labeled by a Discloser as a trade secret indefinitely until it becomes part of the public domain through no act or omission of Recipient, its Affiliates, or their Representatives. Recipient acknowledges that remedies at law may be inadequate to protect Discloser against any actual or threatened breach of the Agreement by Recipient or its Representatives and, without prejudice to any other rights and remedies otherwise available to Discloser, Recipient agrees that in the event of such actual or threatened breach Discloser may seek injunctive or other equitable relief in Discloser's favor, without proof of actual damages or the requirement of posting a bond or other security.
7. **Ownership; Suggestions.** We agree that as between you and us, (a) you will own your Transportation Data, and (b) you will own any original content or output generated through the use of an AI Service (subject to Trimble's underlying ownership of Our Materials and Technology, including the AI Service, which shall not be owned by you). You agree that all right, title and interest in and to Our Materials and Technology, Trimble Maps Data, and all service-based or licensed Offerings provided hereunder, including all changes, modifications and improvements thereto, belongs exclusively to, and will remain the sole property of, us, our Affiliates, and our and their respective licensors or partners. You will take reasonable precautions to prevent unauthorized access and use of service-based and licensed Offerings by third parties. Work performed and deliverables created by us under the Agreement, including without limitation via PS, will constitute Our Materials and Technology, and for the avoidance of doubt will not be considered "works made for hire" owned by you. You have no rights in or to any source code under these Master Terms or any Agreement. We reserve all rights in Our Materials and Technology not specifically and expressly granted to you under these Master Terms. Our Materials and Technology (including without limitation our Software) are protected by copyright laws and international copyright treaties, as well as other intellectual property laws and treaties. We reserve the right to modify, expand, update or otherwise change portions of our Software and offerings and the platform(s) on which they are provided, provided such changes do not adversely affect in a material manner your ability to use our Software and offerings for their intended purpose. Notwithstanding anything in the Agreement to the contrary, you grant to us and our Affiliates a royalty-free, worldwide, irrevocable, perpetual non-exclusive license to use and incorporate into their services and technology, make available to their customers and

commercially use any suggestions, enhancement requests, recommendations, or other feedback provided by you, your Affiliates, or their representatives relating to or resulting from our and our Affiliates' Offerings or other products or solutions.

7.1. Collection and Use of Transportation Data. You grant to us and our Affiliates the non-exclusive, worldwide, irrevocable, royalty-free right: (1) to use Transportation Data to operate, manage and provide our Offerings to you, including without limitation providing you and your Users with requested technical support and addressing and preventing service or technical issues; (2) to transmit Transportation Data for use by you and your designated customers for your respective business operations (e.g., to enable better understanding of the transportation and movement of the related freight); (3) to use and disclose Transportation Data as otherwise permitted pursuant to the Agreement or your written or electronic consent or instructions (e.g., to your third party partners as directed by you); (4) to create and use Anonymized Data; and (5) to use Transportation Data to develop, improve, enhance, maintain, and support the nature, quality and features of our and our Affiliates' software, services, and offerings subject to our confidentiality obligations set forth hereunder and all applicable Data Protection Laws (as defined below), provided we and our Affiliates may so utilize such developed, improved, and enhanced products, software, and services during and after the term of the Agreement. For the avoidance of doubt, we will not use Transportation Data to develop, train, and improve its AI models and services without your prior consent, provided however that we may use your Transportation Data to train an AI Service included in your Subscription so long as that AI Service which has been trained on your Transportation Data is only made available to you and is not made available to any other Trimble customer. The Agreement will not, and will not be construed to, limit or impair our ability to use data independently received from a third party.

You will not have access to Transportation Data after termination or expiration of the Subscription term, unless otherwise indicated in the Order Form, Supplemental Terms, or the Documentation, or the parties agree otherwise in writing. If you replace an Offering with the products or services of another provider, you are responsible for all transition-related activities, including migration of Transportation Data, as may be necessary. Any data migration or other transition related PS provided by us must be mutually agreed and set forth in a written SOW and may be subject to additional fees.

You are responsible for your Transportation Data, including its content, accuracy, and compliance with Data Protection Laws. You represent and warrant that you have made all disclosures and have all rights, consents, and permissions necessary to use Transportation Data with the Offerings provided under the Agreement and to grant to us the rights granted under the Agreement, all without violating or infringing applicable laws, third-party rights (including intellectual property, publicity, or privacy rights), or any terms or privacy policies that apply to the Transportation Data.

7.2. Data Protection Laws. Our processing of personal information, and your use of our Offerings, will comply in all material respects with applicable laws, rules, regulations, and directives relating to data privacy, trans-border data flows, and data protection (collectively, "**Data Protection Laws**"). With respect to our processing of personal information which is governed by Data Protection Laws, the US Data Processing Addendum for Customer Personal Information located at www.trimble.com/privacy/us-dpa-customer is herein incorporated by reference. Our privacy policy governs our processing of personal information.

8. Indemnity. You will indemnify and hold us, our Affiliates, and their respective officers, directors and Representatives harmless from and against any and all defense costs (including reasonable attorneys' fees and other litigation expenses), fines and penalties imposed, negotiated settlement amounts, and court-awarded damages in connection with claims, demands, actions, proceedings and suits brought or commenced by a third party to the extent resulting or arising from (i) your breach of the material terms of the Agreement or any applicable EULA, (ii) your actual or alleged use or modification of any Offering in breach of the Agreement or any applicable EULA, or in any manner not authorized by the Agreement and/or the EULA; (iii) your failure to comply in all material respect with laws, rules, or regulations applicable to you, your business, or your use of our Software, or your violation of the rights of a third party, or (iv) any accident in which one of your vehicles is involved in which Software (including mobile software applications) supplied by us are installed and/or used.
